

ASHI CPR and AED

ASHI *CPR and AED* is a combined CPR and AED program designed specifically for laypeople. The program is an excellent choice for both the community and workplace setting, and is based upon the *2010 International Consensus on Cardiopulmonary Resuscitation (CPR) and Emergency Cardiovascular Care (ECC) Science with Treatment Recommendations (CoSTR)* and other evidence-based treatment recommendations.

Intended audience

Individuals who do not work in the healthcare field but are occupationally required to, or desire to, have CPR knowledge and skills, such as emergency response teams in business and industry, school bus drivers, adult residential care personnel, child care workers, teachers, parents, and babysitters.

Class options

- Adult
- Child and Infant
- Adults, Child, and Infant

Class configurations

- Max student to Instructor ratio: 10 to 1
- Recommended student to equipment ratio: 3 to 1

ASHI-approved training materials
